

# Bombshell Bee-auty Morning Facial Kit

## ORGANIC FOAMING 3-IN-1 WASH ALL

Our certified organic foaming soap is made through real saponification with organic oils and water. We never use artificial fragrance or sulfate-based “detergents”.

Foams beautifully and is gentle enough for face, body, and hands.

BEE ♥ OCH

## VITAMIN C + PEPTIDE ROSE FACIAL TONER

This toner works by resetting skin's naturally low pH after cleansing to reduce irritation. Rose and aloe reduces inflammation and promotes a healthy microbiome. Vitamin C works to immediately brighten complexion and along with peptides work to aid in collagen production and cellular repair. Fruit extracts work as powerful antioxidants to reduce free radicals caused by sun exposure.

## ORGANIC FACIAL GLOW OIL

Made with pure organic pumpkin seed oil that penetrates all 5 layers of the epidermis! It is packed with vitamins, minerals, proteins and fatty acids that nourish the dermal layer. Because it penetrates so deep into the skin, it absorbs almost instantly, without leaving a shiny or oily finish. So light and absorptive that you can apply makeup right on top.

## TINTED MINERAL FOUNDATION – 31% NATURAL SUNSCREEN MINERALS

Our Tinted Mineral Foundation covers both steps 4 and 5! Made with only organic ingredients plus non-nano zinc oxide which is a natural sunscreen mineral. We use iron oxide for safe and natural mineral color that provides amazing coverage to be used as safe sun protection and clean makeup in one!

### AM INSTRUCTIONS:

Step 1. Wash face and neck with luke warm water to remove dirt, oils, and makeup.

Step 2. Spray Facial Toner on face and neck after cleansing to aid collagen production & cellular repair, brighten complexion, and balance pH after using soap.

Step 3. After toning, apply 2-3 pumps of Organic Facial Glow Oil to moisturize and nourish skin.

Step 4 & 5. Use Foundation Stick to apply evenly to exposed skin and to cover uneven skintone or blemishes. Use hands to even out application if needed. Pro tip: Shades darker than your skintone can be used as natural eyeshadow!
